Professional Overview

More than 18 years experience in creative direction and design, user experience design and direction, leadership, user interface design and direction, instructional design and direction. User Experience and Creative Director with a proven record of designing and developing interactive web sites, web applications and mobile applications. Leader in concept and service design for complex interactive initiatives. Creative UX designer with an emphasis on cross-platform web sites, application design and online branding. Excels at motivating and inspiring teams to deliver exceptional creative work under tight deadlines.

I never freelance while working full-time. It is a means of survival in between jobs.

I have never missed a deadline.

I do whatever it takes to get the job done right the first time.
